

RALLY FOR LIFE | 2017

Show up. Expect more. Demand leadership.

Last November, Iowans like you gave the "pro-life" party a landslide victory and majority in the Iowa Legislature. But not a single piece of pro-life legislation has yet reached the governor's desk!

On March 30, **JOIN US** in showing our elected leaders
we expect they get something done.

Over 300,000 babies have died from abortion in Iowa over the last 44 years. **How many more years will we give the "pro-life" party to do what they were elected to do?**

If you want to see our legislators **held accountable** on life, then be there on March 30. Show them you know #ShesABaby, and you demand babies be protected!

What to expect on March 30:

- 👣 We will have speakers
- 👣 We will have informational tables from Pro-Life organizations
- 👣 We will thank and pray for those who are pro-life heroes
- 👣 And we will come together in prayer for those who are not
- 👣 There will be people there just like you, resolute in our belief in protecting all life

This is the day you want to take off work to come.

"Let's fill the Capitol and stand up because "She's A Baby!" And If not **NOW...**When?"
